

TRAIN : British Pullman

JOURNEY : The Champagne Afternoon Tea

Journey Duration : Scenic Day Trips

Day to Day Itinerary

Upon arrival, your steward will escort you through the luxury trains bespoke lounge to your seat. Take note of the exceptional details unique to your carriage, from polished marquetry and brass luggage racks to silken lampshades. Allow the convivial ambience to wash over as you settle at a table dressed for afternoon tea, set with customized Fine China upon pristine white linen tablecloths.

A sparkling reception promptly ensues, accompanying traditional aspects of the Great British afternoon tea — scones, jam and clotted cream, finger sandwiches and a bracing breakfast tea — and an exquisite selection of savory treats and delightful pastries. Our culinary excursion ends with a selection of coffee, tea, and petit fours as we slowly circle back to London Victoria Station, where our journey began.
